**BEND PADDLE TRAIL**

ALLIANCE

# 125 FOR 125

We need your help to reconnect the Deschutes River and enhance river health, beauty, safety and recreation.

The Bend Paddle Trail Alliance is leading a fundraising campaign to recruit **125 sponsors** to each donate **\$1,000** or more to reach our goal of **\$125,000**.

Donate today to help us reach our goal of \$125,000 to enhance the health of the Deschutes river by improving connectivity and recreation opportunities while creating safer passage for fish, paddlers and floaters in Bend's urban core.

**100% of your donation supports the work of Bend Paddle Trail Alliance,**

an all volunteer nonprofit organization devoted to the preservation of the natural beauty of the Deschutes Paddle Trail.

Your donation will support future efforts to restore a more natural water flow and enhance:

- River safety
- Water quality
- Visual appeal
- Recreational opportunities
- Fishing, water sports, hiking, biking
- Tourism opportunities
- Economic strength and stability
- Youth engagement, pride and stewardship in river health
- Long-term river vitality

**Funds will be used to:**

- Complete the final phase of the Colorado Dam project
- Begin planning for future BPTA river enhancement projects

The **125 FOR 125** campaign will raise funds to cover final Colorado Dam improvement costs not funded by the Bond measure. We've already raised over a million dollars of the needed funding to date. We need your help to meet our \$125,000 goal.

# Three ways you can reconnect, restore and recommit...

- **Donate to the Bend Paddle Trail Alliance 125 FOR 125 campaign**
- **Spread awareness about the BPTA 125 campaign and invite others to join**
- **Host a private party to educate friends about the 125 FOR 125 campaign**

Because of supporters like you: our prized Deschutes River will return to a more natural state; the river system will be reconnected to enhance water quality and environmental health; there will be safer river passages for sports and recreation; and there will be new opportunities for Central Oregon tourism and economic strength.

## I wish to reconnect, restore, recommit...

reconnect restore recommit

The health and connectivity of the Deschutes River is vital to the City of Bend and the people who live and play here. The river defines our community and creates a visual and recreational identity that enhances our quality of life and feeds the local economy.
